

Mio AuSable Schools

How to Effectively Communicate with Mio AuSable School District Officials

Parents are often discouraged when they attempt to communicate with central office administrators and school board members only to be sent back to building-based officials in order to resolve a problem their child maybe experiencing in school. To prevent that frustration parents should become informed about the “chain of command ”used at Mio AuSable Schools, or where to begin the communication sequence regarding their problem or concern.

Most parent and community questions are easily and completely answered by communicating directly with the educator in charge of the class or program. Each situation should first be addressed at whatever level the initial action was taken with appeals moving on the next level on the chain of command. The easiest way to communicate is via a simple phone call or email.
